Attention teachers of physics, chemistry, physical science, & math!

For summer 2019, ASU offers a program of courses
for your professional development.

These are ideal courses to meet re-certification requirements, qualify to teach Dual Enrollment/Adjunct two-year college (TYC), and become highly qualified (ESSA) in physics or chemistry. They can count towards the ASU interdisciplinary *Master of Natural Science* degree (MNS) in physics, & graduate degrees in education. TYC, CTE, and pre-service teachers find these courses useful, too.

* Apply for a partial tuition scholarship (apply after Feb. 7, 2019):

* Reserve a seat for Continuing Education. (\$400; need not apply to ASU. \$200 if out-of-pocket).
